EXECUTIVE SUMMARY

Who We Are

We are a local community-driven non-profit organization committed to promoting the lives of children and youth aged 6 to 24. Through our innovative peer-to-peer service delivery model, we provide

1. Youth-Friendly Sexual and Reproductive Health and Rights (YFSRHR) information and services
2. Protection against sexual and gender-based violence
3. HIV and STI Testing and prevention services and information.
4. Youth capacity development training
5. Education support

Our Mission

Our mission is to cultivate a nurturing environment that fosters academic success, personal growth, and holistic well-being.

Our Vision

Our vision is to create a society where children and youth are empowered with knowledge, skills, and resilience, and ensure they lead fulfilling lives.

Our Programs

HIV and AIDS

- Boyfriend and Girlfriend HIV Testing
- Comfort Corner

Gender and Violence against women girls

- Promoting gender equality
- Fighting gender-based violence

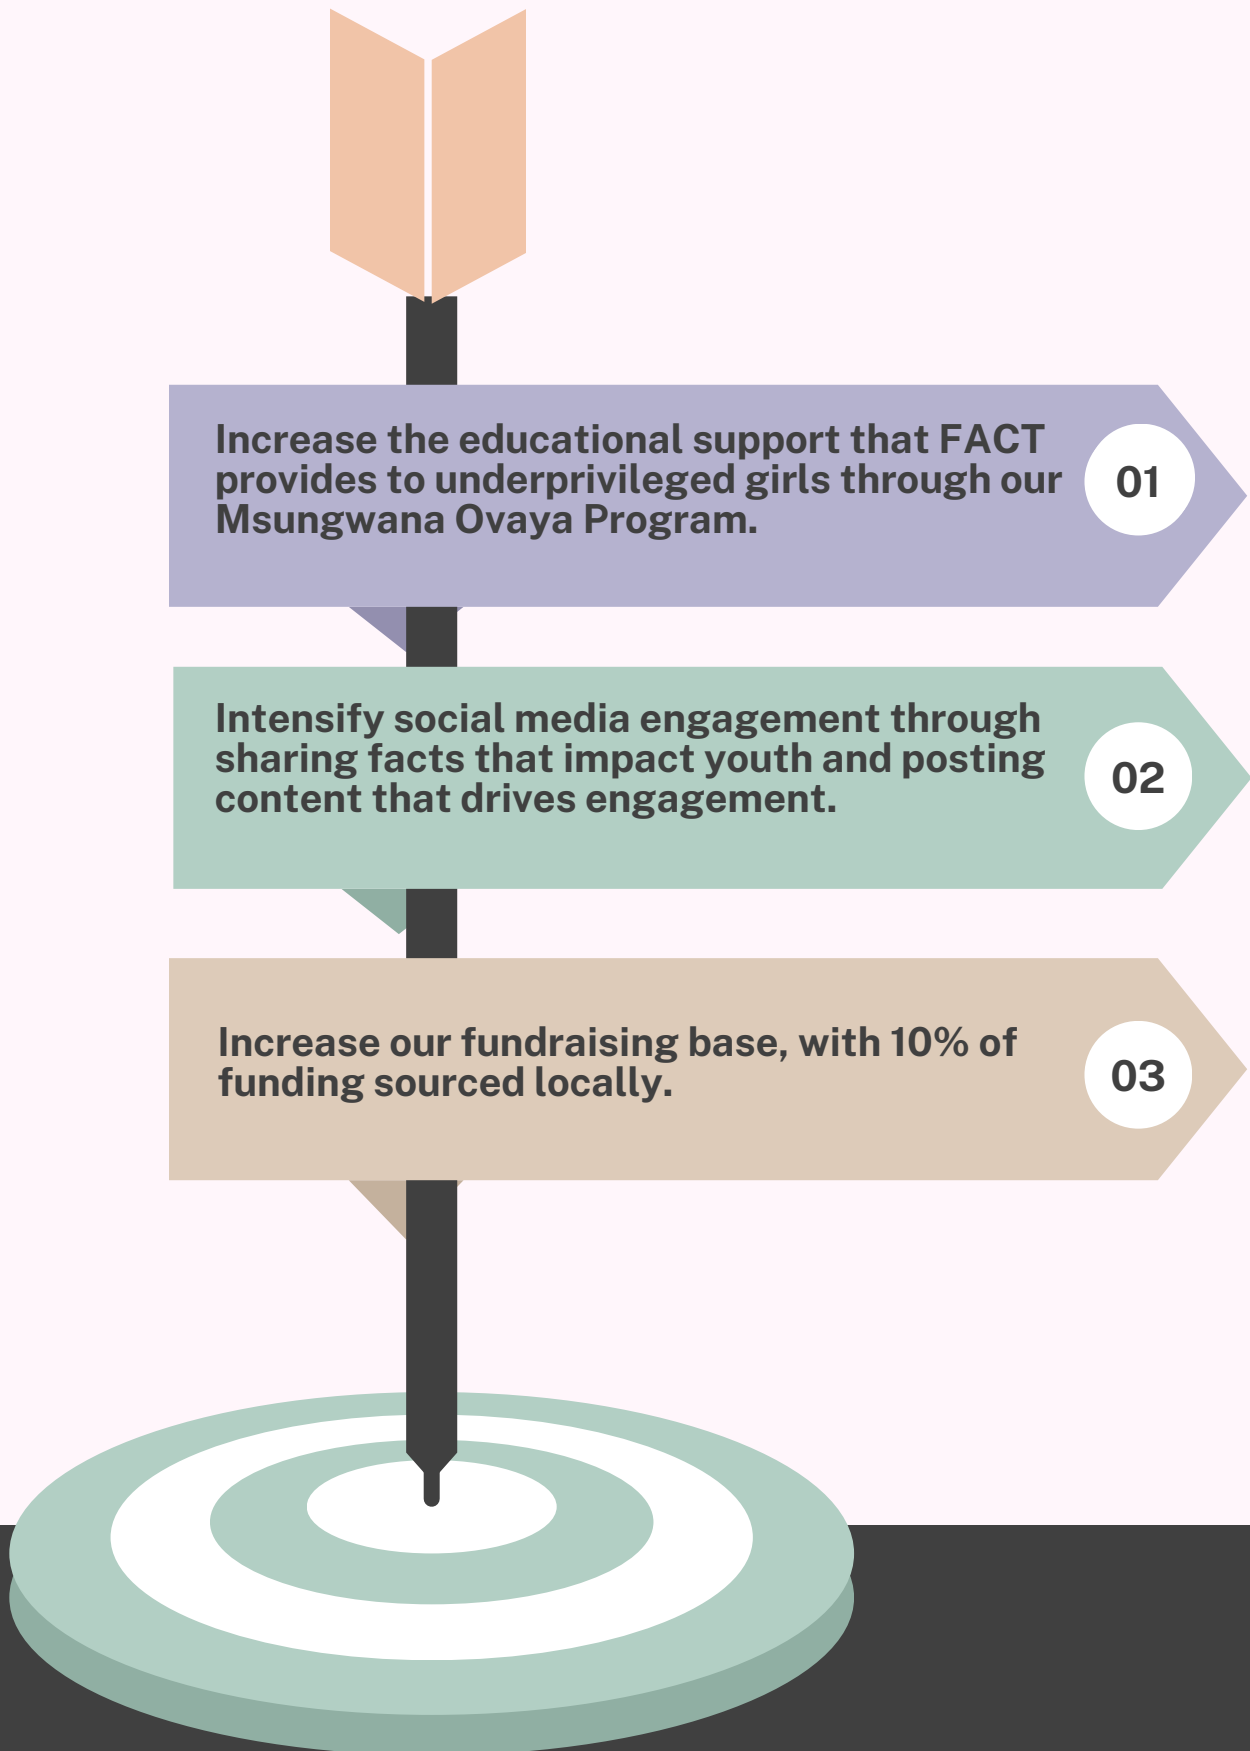

The Adolescent Girls and Young Women (AGYW)

- Msungwana Ovaya
- Back to school program
- Ending girl child marriages
- Ndalama m'manja
- Let girls shine program (Menstrual health and hygiene program)

Comprehensive Sexuality Education (CSE)

- Sexual and Reproductive Health and Rights (SRHR)

OUR GOALS

Goal 1

Increase the educational support that FACT provides to underprivileged girls through our Msungwana Ovaya Program.

The Msungwana ovaya program focuses on providing educational support to primary school girls.

During this first quarter, we have worked with the same two schools, Zingwangwa Primary School as well as Chimwankhunda Primary School to track progress and evaluate the program.

After rendering support to the students last year, our community mobilizers re-visited the schools to track progress. The program has yielded positive results as teachers reported a significant improvement in the students' performance.

Goal 4

Intensify our social media engagement through sharing facts that impact youth as well as posting contents that drives engagement with our audience and beneficiaries.

We introduced Myths and Facts Tuesday, where we share, debunk myths, and educate our audience on HIV prevention, treatment, transmission, STIs, and other SRH information.

Goal 5

Increase our fundraising base, with 10% of funding sourced locally.

Through donations from local well wishers as well as internal funds generation activities, we managed acquire funds to help us run our day to day activities.

SET BACKS

Msungwana Ovaya Program

- We were unable to cater for every need due to inadequate funds. This then led us to single out burning needs that required immediate attention.
- We were also unable to support more schools due to limited resources.

Our Core Values

Justice

Health

Education

Gender

COMMEMORATION DAYS

As an organization, we acknowledge the specific occasions set aside to honor and remember significant events. In the first quarter of 2024, we celebrated the following days.

International Day of Education

In recognition of the International Day of Education, FACT Malawi collaborated with students from Manja Primary School to promote the theme of 'Learning for Lasting Peace.'

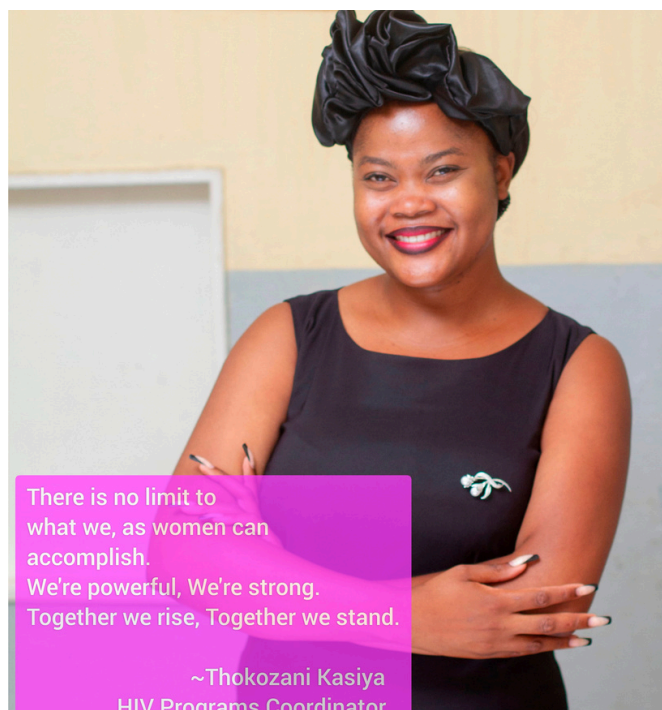

Through interactive discussions, students were offered motivational talks and career guidance.

International Womens Day

In accordance to this year's theme "Inspire inclusion", FACT Malawi reaffirmed its commitment to empowering women and fostering a more equitable future for all.

FACT Malawi marked International Women's Day 2024 with a strong emphasis on women's empowerment and gender equality.

TEAM SUCCESS- WOW STORIES

At FACT Malawi, we play to win, and we have instilled in ourselves a winning attitude. We promote personal growth and keep improving each day.

Our Programs Manager, Madalitso Juwayeyi, was selected to take part in the 2024 Mandela Washington Fellowship for Young African Leaders, in the United States of America.

2024 1st Quarter Partners and Funders

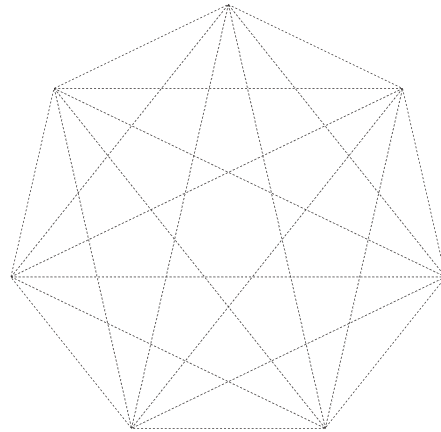

- Segal Family Foundation (SFF)

Segal Family Foundation 

- Local well-wishers through the Msungwana Ovaya program.
